

# Double-row Angular Contact Ball Bearings for Car Air Conditioning Magnetic Clutch

**NACHI**

BG Type

## *Superior Designs for A/C Applications Around the World*

*By developing special BG bearing series, NACHI has surpassed the needs and demands in the air conditioning market. Through these accomplishments NACHI has gained recognition and increased market share around the world.*

### ■ **Best Components support Bearing Performance**

*Selected Ring Material  
Optimum Heat Treatment for A/C  
Well Controlled Accuracy, Roundness and Surface Finish  
Special Design Glass Reinforced Polyamide Cage*

### ■ **Advanced Seal Design**

*Excellent Grease Retention  
Superb Dust / Water Proof  
Light Rotating Torque  
High Temperature Resistance*

### ■ **High-performance Grease**

*Specially Blended Oil, Thickener and Additives  
Durability in High Temperature  
Smooth and Quiet Rotation*
